About

Dr. Ralf Schneider has been Group CIO of Allianz SE since 2010. Prior to that, he was IT Director of Allianz Managed Operations & Services SE (2010-2016) and CIO of Allianz Germany (2006-2010). After studying mathematics and obtaining a doctorate in computer science, he joined Allianz in 1995. He has held leading positions in IT for over 18 years and has always been the youngest in his position. He is also an elected representative of several cyber security organizations.
